

Internship UI/UX Design, Kuala Lumpur-based

Asia Venture Group is building up the leading product discovery engine in South East Asia. We are looking for passionate developers who wants to be part of a fast growing startup. We offer a dynamic and challenging startup environment where you will be able to work with state of the art cloud technology. You will have the freedom to work on something big, together with a cross-functional team of motivated people.

We are an Asia Venture Group (AVG) portfolio company. AVG is one of Southeast Asia leading seed financing/ VC firms with deep e-commerce know-how. Investments include iMoney, Happy Fresh and TrustedCompanies, among others.

Your playground

- Collaborate closely with the product and design team to translate requirements into technical designs
- Develop, test and deploy code that is part of a product used by thousands of people daily
- Debug and analyze issues that affect the performance of the system
- Work as part of a team to solve challenging problems quickly and effectively

What your bring to the table

- A **Bachelor's Degree/Diploma in Computer Science**, Information Technology or a related subject
- Positive, **go-to attitude**, and the ability to **quickly learn** new technologies
- Strong **drive to find, analyze** and solve **complex software problems**
- Experience with **HTML, CSS, JavaScript** and **PHP**
- Passion for the latest trends in **frontend techniques** like **Responsive Layout** and **AJAX**
- Experience with client-side **libraries** like **jQuery, jQuery UI, Bootstrap** or **Foundation**
- Curiosity for the evolution of cloud database technologies like **Elastic Search**
- Understanding of **MVC design patterns** and frameworks like **Laravel**
- Good understanding and experience in creating **web service APIs**
- Understanding of **Source Control** tools and related practices like **Git**
- Familiarity with the **Linux** command line interface
- Experience with **Amazon Web Services** and **Docker** is a plus

Here's the deal

- Experience the most exciting phase of a start-up first-hand
- Work in a fast-pace environment with many challenges and new career opportunities along the way
- Become part of our dynamic, fun and international team
- Gain deep copywriting and SEO knowledge

If all this sounds exciting to you, send your CV, one or two sentences about why you're interested in the job, your next possible start date and your salary expectations to careers@ipricegroup.com (for the attention of Jane Ng). Looking very much forward learning more about you!
